

## Coming to the Campus of Arbor Rose *Additional Memory Care Apartments*

Families looking for exceptional senior living at Arbor Rose can soon deposit for new state-of-the-art memory care apartments. Arbor Rose will provide safe and secure senior living for loved ones diagnosed with dementia and Alzheimer's. Welcoming residents in Fall 2022.

- Beautiful private and shared apartments, offering an affordable option
- Monthly rentals, no buy-in fees
- Meals included
- Assistance with daily living, medication management and other services available
- Additional nursing care and rehabilitation on same campus at Jerome Home
  - Partnering with families to create a "Life Story," allows staff to understand the resident's history, preferences, routines and habits. The collaboration with families and staff members incorporates care and support to ensure the best for each individual resident.
  - Through therapeutic interactions, such as: physical, social, cultural and emotional programs, we embrace residents' successes and promote a sense of belonging within the community.
  - Outdoor courtyard and indoor interactive pathways offer engaging and safe environments to explore.
  - Continuous dementia education for all staff and supporting family members.
  - Celebrating 90 years of commitment to a quality program and community.
